

Kid's Class Art Supply List

BRUSHES:

What you already have is the best way to start. If you want to prepare, one of each basic size is all that is needed to get started. ...

2", 1", 1/2"/1/4" Flat Brush

2", 1", 1/2", 1/4" Round

2", 1", 1/2", 1/4" Angled

A fan brush

A couple Sponge Brushes

Tip: The cheapest brushes usually shed, so go for the step above or medium priced.

As they spend more time painting, a higher quality brush set would make a great gift.

EASEL

A table or standing easel is optional

CANVASES

I will announce the size of canvas needed a month in advance.

Usually 8x8, 12x16, 20x20, but again, what you have is best.

PAINTS:

Again, any paints you already have are the perfect starting point.....craft or student grade of any brand.

Tempura paint is not preferred.

Suggested Colors:

Red, Blue, Yellow, Black and White will mix together for any other colors and all that is needed to begin.

Any of their favorite colors will also add to their painting experience.

COLLAGE

A stash of magazines, newspapers, tissue and wrapping paper left over from gifts, junk mail, old homework, old sketches, old lists, etc.

Chip Brush reserved for glue only
Elmer's Glue (not waterproof kind)

Upcycled small plastic bowl for mixing glue

NOTE:

Art is a progression and so should the purchasing of art supplies as I will introduce other tools along the way.

This list is for the slow accumulation of supplies. I will provide alternatives at all times if a student does not have a specific tool....which is part of the art process and learning to approach art creatively. I will also announce at least 1 month in advance if particular tools are needed for a project. Let's keep it fun!

TOOLS:

Paper plates or a plastic or glass palette

Cup/Mug for Water

A Palette Knife Set (metal)

A used credit card/hotel card key

Up-cycled items such as bubble wrap, tops and lids of various sizes
